

STATE - OF - THE - ART SANITIZING SYSTEM

# PATHFINDER

## WHY PATHFINDER?

The **Pathfinder** is a state-of-the-art sanitizing system that mounts to any service vehicle. It has a unique low pressure, chemical injection delivery system that proportions the chemical/water mix for maximum effectiveness. This system allows you to spray a hospital grade, EPA registered disinfectant like **Enviro Bac 2** evenly throughout the restroom.

This sanitizing system reduces mold and odor causing bacteria by a staggering 86% over traditional cleaning methods. The benefit of our system over the traditional “scrub brush and soap” method is that we are not transferring bacteria and germs from one unit to another.

Everyone will appreciate the fresh, clean appearance of your restroom even more, knowing it has been thoroughly disinfected and sanitized with each service.
